Admiral Stansfield Turner
Director, CIA
Washington, D. C. 20505

Dear Stan,

STAT

A note which I hope you'll not trouble yourself with, but have sent to the "appropriate authority." There is a senior government major here [redacted] very capable and steady, who has come to me disclosing an interest in applying for a job at the CIA, to go to work for you after his graduation in May.

Would you have someone send me the correct forms, addresses, etc., for the young man to use in his application, and for my own information. From time to time, I expect, I will be able to be helpful both to the Agency and to senior students here at the College who show interest in applying to you for work.

STAT

We look forward to seeing you soon. Very busy--as I'm sure you are. Interestingly our football team [redacted] ranked nationally in the NCAA College Division, something unexpected, but a real "hype" on the campus, and a lot of fun.

STAT

Warmest from your fan Diana and the under-signed,

JB/a
